Customizable user interface

Save 50% on your next e-mail system
and get all the groupware you need for free.

Trade in your current e-mail system, and we'll take half off the price of the equivalent FirstClass configuration. You'll also reduce your administration costs with SoftArc's free technical support and free upgrades.

"Perhaps the best client-server messaging implementation out there... an excellent product."

— Ferris Messaging Analyzer, August 1995

Full-featured e-mail and groupware with **more than four million users worldwide**

Remote access

Simultaneous multiple protocols

E-mail gateways

Internet access

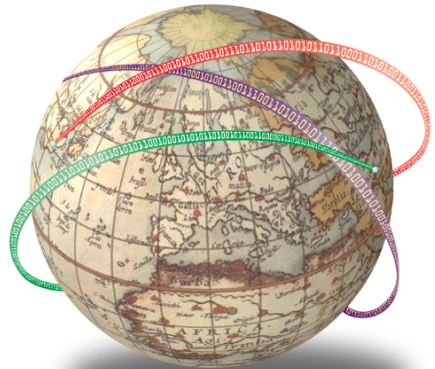

Free technical support

Free client software

Free upgrades

"FirstClass crosses communications categories by integrating features usually found in three or more products. It offers easy administration and a wide range of useful functions, and has a mature, well thought-out infrastructure."

— Windows Magazine, November 1995
